Oltre alla luce c'era la

Before he'd even stepped into the hot water and started to relax, he'd been asked, "Can we do a little more?"

He took a bath in cool oil, yet he wouldn't stop teasing and teasing my cunt, which was soon filled up again with his beautiful dick.

After going up into his kitchen, I continued to be teased in one of the most beautiful ways I've ever seen in my entire life.

My job was to "rescue" by the movie's extraordinary efforts that I reached yet another orgasm, needing no help at all from my expert fingers. Time and again, I thought the peak was on the verge of exploding, yet the movie wasn't about to give up that easily. But finally, even he could wait no longer, and a steady rain of semen upon covered my tip. The only sound I ever heard from the movie was a soft, noisy satisfaction. As unpleasant as this all sounds, it might just be love.
